

FOI Request: Mental Health Providers
Our Reference Number: 1314426

A list all the mental health providers that are within the local area. If possible could you give a breakdown of how many patients they can offer services to.

South Essex Partnership Trust (SEPT) is commissioned to deliver IAPT (Primary Care) on a 12.6% Access target for 2013/14 i.e. 12,121 people. People can self-refer or are referred by professionals e.g. GPs.

The number of patients who have currently been referred to a mental health provider.

Please note: we do not have access to the number of referrals that have been made to a mental health provider. The report shows the number of new referrals that have resulted in the patient having an assessment with a mental health provider which is as close to the request as we can get.

New Referrals
1314426.pdf

The report has three tables which show the following;

- The number of new referrals that have resulted in an assessment by provider and CCG
- The number of new referrals that have resulted in an assessment by provider and month.
- The number of new referrals that have resulted in an assessment by CCG and month.
