

**FOI Request: Formulary/Traffic Light List**  
**Our Reference Number: 1314002**

**1. Do you have or adhere to a:**

- **Formulary**
- **Traffic Light List**

Please find attached the formulary chapters already approved. Further draft chapters have been approved, with minimal changes to be carried out, on the 10th April-13.

We are working on Respiratory and Cardiovascular chapters and the work continues to complete the Traffic Light List. To do this we liaise with Southend Hospital, to review Shared Care Protocols.

Chapter 4. CNS.May-2012.pdf    SEE December-12. Formulary Chapter 6 Sep-11    Chapter 7    Ostomy accessories. March 2013.pdf  
BNF CHAPTER 5 infec- Endocrine Sep-11.p    Obstetrics Gynaecolo

**2. How often is this formulary updated? Please attach any relevant documents**

The aim is to review these chapters every two years. In some occasions, they are updated more often when new branded generics are agreed to be prescribed or following actions from different networks, e.g. Infection, diabetes, respiratory.

**3. Do you have any plans to develop a formulary or any of the other documents detailed above?**

N/A

**4. When are the formulary/ other documents due to be published?**

They will be published as soon as they are completed

**5. Will you utilise any other organisation's formularies in developing this formulary?**

For the development of these chapters, we work very closely with Pharmacy department at Southend General Hospital and their consultants. Also with our Mental Health Trust and Community Health Services, SEPT.

To review the Traffic Light List we have used the Guidelines from South West Essex PCT, when we worked as one South Essex cluster.

We are also in the process to edit all our chapters to include the name and logos of the new organisation Southend CCG.
