1. Do your patients currently have access to telehealth/telecare facilities?

No

2. IF so, what conditions do these support?

3. Do you/plan to have a direct contract with the provider of these services, or are you part of a commissioning support unit with other CCGs? IF SO, what is the name of the commissioning unit?

4. Which provider do you use for your telehealth/telecare service?

5. What is the annual budget for telehealth /telecare service delivery?

6. When does the contract for telehealth/telecare come up for renewal?

N/A

7. IF NOT currently offered, do you plan to make telehealth/telecare facilities available to patients in the next 2 years, and for what conditions?

In line with the new Direct Enhanced Service commissioned via NHS England for Remote Care Monitoring, the CCG is currently working with member practices to develop Remote Care Monitoring in 2014-2015. We are still in discussion stage.
