

FOI Request: Contact Email Addresses

Our Reference Number: 1314315

Under the FOI act, I would like to have all the contact email addresses that you hold and that you use to communicate with in spreadsheet format for all of the following in your area:

- 1. Dental practices***
- 2. Pharmacies***
- 3. Optician stores***

NHS England, as the body responsible for commissioning Primary Care services, will be able to provide you with a list of those organisations providing these services in the CCG areas you have requested above. Information on how to submit a FOI request to them is available here:

www.england.nhs.uk/contact-us/foi/

Where we may hold generic contact details for organisations: Under section 21 of the Freedom of Information Act 2000, a public authority does not have to provide information in response to a request when that information is reasonably accessible to the applicant by other means. Generic contact details for each of the primary care organisations would be available on that organisations website.

Where we may hold contact details for individuals within those organisations: Under section 40(2) of the Freedom of Information Act 2000, a public authority does not have to provide information where that information can be considered personal information under the Data Protection Act 1998. Under this legislation, any information can be related to a living individual is personal information. Therefore, we consider the information you have requested to be personal.

To obtain this information please either contact the Practices directly, or make a request via the organisation that now commissions primary care services across the country, NHS England, whose contact details are available here:
