

FOI Request: Potential Efficiency Saving for the SEE Health Economy
Our Reference Number: 1314362

Would you be able to give me the trust/CCG spend on the following products (for the last couple of years) and any projected forecasts. If a formulary has been introduced, to try and control costs, would you be able to mark on the breakdown when it has been introduced so we can assess the savings.

- ***Catheter/continence equipment***
- ***Wound care***
- ***Stoma products***
- ***Specialist feeds and fortified drinks***
- ***Blood glucose test strips***

The CCG does not hold information in relation to the spend on the above products. This information is held by the Prescription Pricing Division, which is part of NHS Business Services Authority. Information on how to submit a FOI request to them is available here:
