iii) Tier 3 CAMHs?

Please see below for total funding. This is not expressed as “per head of population”. However, please also find the respective CCG populations (as at the end of January 2014).

£1,009,000	Same allocation	187,118

2. Did you reduce funding of any specific CAMHs in 2013-2014? If so please specify the service(s) and the budget reduction.

No we did not reduce any CAMHS specific funding 2013/14.

3. Do you intend to reduce funding of any specific CAMHs in 2014-2015? If so please specify the service(s) and the planned budget reduction.

No, with the exception of NHS national CRES target.

Clarification sent 10th April, following further correspondence:

Could you confirm the CRES target means the 1.8% ‘tariff deflator’ applied under the NHS payments guidance outlined here: <http://www.monitor.gov.uk/nt>

We can confirm that this does apply to the National Tariff Deflator (1.8%).
