

FOI Request: Continence Products
Our Reference Number: 1314439

Within the NHS Funded Nursing Care Practice Guide July 2013 (revised) sections 48:49 it states: "Residents of Care Homes including those providing nursing care should have access to professional advice about the promotion of continence. As well as prevention and advice services the continence service should also include the provision of continence products or payments should be made available by the CCG to care home residents, including those receiving NHS funded nursing care if required" Please could you provide me with the following information:

• In what form do you provide this continence provision a) Products or b) Payment

b - Payment

• If your answer is a) Please could you provide how this service is provided ie; NHS Contract (Community) or Independent Provider (Contract)

N/A

If your answer is: b) What is the weekly fee paid to the Care House?

£5.75 per patient
