

FOI Request: Spend on Nurses
Our Reference Number: 1314083

Under the Freedom of Information act 2000 I seek the following information about the spending within CCG's formerly known as PCT's. In particular;

- **The total Nurse locum spend (direct and agency locums combined)**
- **The total agency spend on Nurse locums (broken into grades/specialities)**
- **A list of all agencies supplying Nurse locums and their revenues (spends)**

We do not hold this information. If this is in relation to nurses in GP practice, then responsibility for Primary Care, previously with PCTs, was transferred to NHS England following the transition on 1st April. Information about making a FOI request to NHS England is available here

<http://www.england.nhs.uk/contact-us/foi/>

Additional to this, the information may be held by the Dept. Of Health legacy team, we have also passed this request to them. You should hear back from them directly. If this is in relation to nurses employed in the former provider arms of PCTs, then the information would be available via the legacy team.
