

FOI Request: Telehealth Services  
Our Reference Number: 1314196

1. **Has the CCG commissioned telehealth services for its population in 2013/14?** No
2. **Who provides the telehealth service?** N/A
3. **Which medical conditions do the CCG's telehealth services target?** N/A
4. **How much does the CCG plan to spend on commissioning telehealth services for its population in 2013/14, and is it on track to meet this budget?** N/A
5. **How much does the CCG plan to spend on commissioning telehealth services for its population in 2014/15?** There are no immediate plans to commission telehealth. We currently do not have any plans to incur expenditure in regards to Telehealth in 2014/15
6. **How many people are currently using telehealth services in the CCG's area (as of 2 September 2013)?** None.
7. **Is there a difference between the number of people the CCG had expected to be using telehealth services by this point in 2013/14 and the actual number of service users? If yes, please give details.** N/A.
8. **How many member GP practices does the CCG have, and how many of these have signed up to the remote care monitoring (preparation) directed enhanced service (DES) in 2013/14?** NHS Southend CCG has 36 member practices and 26 of those practices have signed up.
9. **Please provide details of any plans agreed with participating practices with regards to this DES.** In line with the new Direct Enhanced Service commissioned via NHS England for Remote Care Monitoring, the CCG is currently working with member practices to develop Remote Care Monitoring in 2014-2015. We are still in discussion stage.
